Product description of Open day – paid solutions

We offer two paid solutions for Open day:

1. Standard: Login page, lobby and lecture theatre with photos of your building/venue as background. 19 000, - NOK.
2. Premium: Login page, lobby and lecture theatre with your building/venue in 3D, based on photo examples from you. 39 000, - NOK.

Registering of visitors

Both versions include a registration system for visitors. The registrations will be available in your exhibitor portal.

The login page / your building exterior

- The login page for the event will show the outside of your building (with your photo or 3D).
- Here you can add signs, flags and banners according to your wishes.
- A link to the registration form will also be available on this page (for students that haven't registered yet).

The lobby / start page:

- The start page will show your lobby (with your photo or 3D).
- The start page will include three menu choices: Meet us (your stand), Webinar program and Live program.
- Here you can also add films on the screens according to your wishes.

Content in the menu choices

Meet us / your stand

This will show your stand from the Student fairs with the same content (which can be edited/adjusted according to your needs).

Webinar program

The webinar program will show the pre-recorded webinars which you add to your stand.

Live program

You can add three different types of live content in the exhibitor portal: Livestreams, group meetings and live webinars (same tools as at the Student fairs).

More on what is included

- Statistics from the event will be available in the exhibitor portal
- Registered visitors will also be accessible in the exhibitor portal and can be exported to Excel.
- You can add as much additional content as you like
- You can use your 3D animations for other purposes as well
- Support services during registration and event
- You can use your Open day set up for other events as well, and your site will be available until August 2022.
