

EXTENDED LISTING IN THE MAGAZINE FOR THE STUDENT FAIRS NORWAY

Extend your listing in the exhibitor overview with your logo and information text!

Extended listing includes:

- Contact info
- Logo
- Choose between:
 - Info text about your institution (seven lines) or
 - picture of your choice (70 x 23mm, 300 dpi)

Do you require additional space to profile your institution?

You can order article or advertising space in the common pages of the magazine, which will be included in all paper and electronic editions. The magazine is distributed to all visitors at the annual fairs and though electronic distribution nationwide prior to the fair period.

All visitors receive the magazine

All visitors will receive the magazine when they arrive at the fair and have to use it for all entry and re-entry to the exhibition. Total number of visitors: approximately 80 000

Individual edition for each fair

There will be an individual edition of the magazine for each event with the relevant floor plan, exhibitor overview and seminar program. You can order an extended listing which will be visible in the exhibitor overview. The extended listing gives the students an opportunity to find information about your institution both before, during and after the fair.

Student notes in the exhibitor overview

Through close contact with the student advisors all over Norway, we encourage the schools to use the magazine actively prior to, and after the fair visit. The students can also make their own notes in the exhibitor overview and use them after the fair. This ensures extended usage of the magazine and longer life span.

Nationwide electronic distribution

- We send the electronic version of the magazine by email to everyone who has visited the recruitment fairs during the last few years (more than 250 000).
- Through our contact with the student advisors, we distribute the electronic version to all high schools and junior high schools in Norway.
- The magazine will be promoted and accessible through Facebook.
- During the fair period, the magazine will be accessible via advertising for the student recruitment fairs in the major internet newspapers in Norway.

Prices for extended listing per fair:

Lillestrøm and Oslo: 1790,-
Stavanger, Bergen and Trondheim: 1220,-
Kristiansand and Sandefjord: 870,-
Halden, Ålesund, Bodø and Tromsø: 510,-

All prices are quoted in NOK and excludes VAT

See next page for examples of extended listings in the fair magazine.

Founded in 1900, Ritsumeikan University (RU) is one of Japan's leading private universities. RU has 35,000 students and over 2,000 international students studying across four campuses located in Kyoto, Osaka and Shiga. The University attaches a great deal of importance to international education and offers English-medium undergraduate programs that do not require prior Japanese ability. In addition, in the coming years we plan to launch Joint/Dual degree programs with our partner universities in the US and Australia.
